

## AN UNUSUAL PARAGRAPH

What is unusual about this paragraph?

Scan through it and try to work out what is so odd about it. Do not dismiss this task as a trivial task without working hard to find a solution (if you can), and do not inform your pals what it is if you do work it out (your troop companions should labour at it too). Just work hard and abruptly a solution will burst upon you in a flash of inspiration and you will jump up and loudly call 'Ah Hah! I got it'.

Solution on p. 44 - Bob Ballinger

## UNUSUAL PARAGRAPH SOLUTION

Did you solve the unusual paragraph? The solution is simple.

Although the letter "E" is the most common letter in the English language, it does not appear at all in the paragraph.
