## INSTANT GRAMMAR FOR PEOPLE WHO HATE GRAMMAR

1. Never use no double negative.
2. Ensure that each pronoun agree with their antecedent.
3. Join sentences proper and good, like what a conjunction ought.
4. Speaking of sentence fragments.
5. When writing, your participles must not dangle.
6. Verbs always has to agree with their subjects.
7. Between you and I, case is also unimportant.
8. Students should avoid run-on sentences they are hard to read this makes marking extremely difficult.
9. Students should not, use commas which are, not necessary.
10. Try to always not split infinitives.
11. Its important to use you'r apostrophe's correctly.
12. Correct spelling is aboslutly essential as it creates a good impresion on your marker.
13. You should always poofread your work to see if you left words and letters out.

Here is an example of poor proofreading. In a newspaper the other day, there was a reference to 'a defective in the police force'. Of course, this should have read 'a detective in the police farce.'
